OUR STRENGTH • हमारी शक्ति

Ministry of MSME, Govt. of India

We Krishna Furniture & Fabricators would like to introduce ourselves as the leading manufacturer of Board & Steel Furniture for CORPORATE, HOME, HOTEL & INSTITUTIONS. Our Company is Certified under ISO 9001:2015, 14001:2015, 45001:2018, Green Guard Business & ZED (Zero Effect & Zero Defect) standards & registered in MSME (Micro, Small & Medium Enterprises), BIFMA (Business And Institutional Furniture Manufacturers Association), MES (Military Engineer Services), GEM (Government e-Marketplace) We are also enlisted in STCS (State Trading Corporation of Sikkim), SIMFED (Sikkim State Co-operative Supply and Marketing Federation Ltd. & WBSIDC (West Bengal Small Industries Development Corporation) as their registered Vendors. We are also enlisted in STCS (State Trading Corporation of Sikkim) & SIMFED (Sikkim State Co-operative Supply and Marketing Federation Ltd.) as their registered Vendors.

We have been in the manufacturing industry since 1999 but to render the requirements of our clientele with the outright products, we have upgraded our manufacturing unit into a complete Automatic & Semi Automatic Production Plant and have launched our own Product Brand, named as 

The journey began with a small manufacturing unit in the year 1999 with limited Tools & Machineries to achieve a dream to become the leading Furniture Manufacturing Company. In its very successful 18 years of run the company has managed to build its own kind of reputation with the huge range of customers. But to render the demands of our clientele with the best products our manufacturing unit had to be upgraded in the state of art & technology. It is then when the core members of the company decided for a complete transformation of the manufacturing unit into a big setup, and to run such big plant in an organized way the company took a step further. It has not only upgraded its infrastructure but also invested in the state of the art & equipment to maintain the quality of products.

We have an area of 2 Acre Land & our Production Unit is outspread in an area of 40,000 sq.ft. with Automatic & Semi-Automatic Machineries  will be able to produce wide range of products in bulk & have sufficient Storage Area to Stock Raw Materials as well as Finished Goods in huge quantity. We have our Two Storey Showroom at around 5000 sq.ft to display our wide range of Products. We also have fully functional Automatic Powder Coating Unit with 9 Tank Chemical Treatment System able to provide a high quality coating into the products with premium finish. Our Manufacturing Plant is divided into two units: Board Furniture Unit & Steel Furniture Unit with Powder Coating Plant.

At  we believe comfort should meet craftsmanship in every piece of furniture. Our exclusive collection of sofas, recliners, and loungers is designed to transform spaces into inviting retreats.

From elegant sofas that elevate living rooms, to plush recliners that offer unmatched relaxation, and stylish loungers perfect for unwinding—every product is a blend of premium materials, ergonomic design, and timeless aesthetics.

Each piece is thoughtfully crafted to suit modern lifestyles while ensuring durability and long-lasting comfort. With a wide range of designs, finishes, and upholstery options, Furnikraft brings you furniture that complements every interior, whether for homes, offices, or hospitality spaces.

Discover the perfect balance of style, functionality, and luxury with Furnikraft's sofas, recliners, and loungers—because true comfort begins here.

# OUR CLIENTS

## Protect Your Investment

The beauty of Furniture Care is that it helps to protect your investment. As fine furniture is an important purchase, proper care will help maintain your furniture and ensure that it looks great year after year.

## Caring for Furniture

Caring for Furniture is easy. Following a few simple guidelines will help extend the life of your furniture.

Always dust with a damp cloth, eliminating the scratching that occurs with dry dusting. Dust will scratch furniture if not removed quickly. Use a soft clean cloth that won't scratch the surface. Avoid coarse materials or fabrics.

## The Enemies of Furniture

**Furniture damage or decolouring can be easily avoided, keeping in mind a few simple steps:**

Sunlight's ultraviolet rays can damage wood finish and can change the shade of your furniture. As furnitures are made of varied elements, it is possible for the elements to look different in shade if exposed to direct Sunlight in long time. Arrange your furniture out of direct sunlight. Use sheer drapes during peak Sunlight hours.

Liquid spills will damage furniture if not removed properly. Use coasters under beverage glasses and saucers under cups and flowerpots. If a spill occurs immediately blot it gently without rubbing the surface.

Heat creates a chemical change in the furniture's finish, which can change the colour. Therefore use protective mats under hot dishes, utensils or cooking appliances.

Cyclic change in temperature can damage furniture. Placing furniture near to central heating radiators and air ducts should be avoided.

Never dry dust, as it could cause microscopic scratches on your furniture surface. Remember to change dusting cloths frequently since a dirty cloth may scratch the surface too.

Apply the furniture-cleaning product evenly on the surface and always wipe in the direction of the grain with a clean damp cloth.
